	Webpage		Webpage		

Language skills

READING

- Scan a text to locate specific information
- Re-read to establish and confirm meaning
- Work out the meaning of an unknown word by using contextual clues
- Identify details that support the gist or main ideas
- Understand intention, attitudes and feelings conveyed in a text by recognising features such as the choice and use of language
- Recognise the format and language features of a variety of text types

WRITING

- Gather and share information and ideas by using strategies such as brainstorming
- Plan and organise information, and express own ideas by deciding on the sequence of content
- Use appropriate formats, conventions and language features when writing a variety of text types
- Present main and supporting ideas, where appropriate with elaboration
